

# Extend the Life of Your Machine

**EnCORE PREMIUM REBUILD PROGRAM**

**EnCORE™**

Rebuild. Repair. Remanufacture. Exchange.

**Manitowoc®**

# Manitowoc Equipment is Built to Last.

## NOT JUST FOR ONE LIFETIME, BUT FOR MULTIPLE LIFETIMES

Rebuilding your crane helps you extend your machine's life expectancy. That way, you get the most bottom-line value out of your original investment. With the EnCORE Premium Rebuild Program, you can return your equipment to like-new condition. The process includes everything from rebuilding boom cylinders, motors, or gearboxes to updating all hydraulic, mechanical, and electrical systems.

## en•core

/ăn kô/

A repeated or additional performance; a cost-effective way to give your crane a new life

# Benefits of an EnCORE Build

Rebuilding your crane gives it a second life by restoring it as closely as possible to its original condition. It often provides a more cost-effective long-term alternative than performing multiple repairs.

### ► BETTER PERFORMANCE

The installation of new parts and components throughout the machine will restore its original performance and productivity levels.

### ► EXTENDED LIFE

Get the most value from your original investment by extending the time until you need a replacement machine.

### ► BETTER VALUE, LOWER COST

Rebuilds are a great way to improve performance and boost productivity at a fraction of the cost of buying a new crane.

### ► WARRANTY COVERAGE

An EnCORE Premium Rebuild comes with a one-year warranty, giving you extra protection and more peace of mind.

### ► BETTER RESALE VALUE

Get more for your rebuilt machine when it's time to sell it.

# Elevate your crane's performance and longevity with our tailored overhaul parts packages.

**FROM INDIVIDUAL COMPONENTS TO FULL  
MACHINE OPTIONS, WE CAN MEET YOUR NEEDS**

## Overhaul Kit Options

### ▶ FULL CRANE REBUILD

Returns your entire crane to like-new condition with up-to-date software and systems.

### ▶ ELECTRICAL OVERHAUL

Restores everything from your electrical components to wiring harnesses, revitalizing the machine.

### ▶ HYDRAULIC OVERHAUL

Restores like-new performance to your crane's hydraulic system.

### ▶ MACHINE COMPONENT OVERHAUL

Brings new life to individual components like transmissions, axle assemblies, or superstructure.

## Our **High Standards** mean the job is done right.

Restoring a complete crane or key components to like-new condition is an extensive process done by EnCORE Certified Partners located throughout the world. Each location has highly trained specialists, including a structural engineer and certifications for welders. No matter where you go globally, your machine rebuild will be completed to the highest standard of excellence.

1

### ▶ THE ENCORE DIFFERENCE

What sets the EnCORE certified rebuild program apart.

2

### ▶ DETAILED EVALUATION

Complete examination of the crane using a comprehensive Manitowoc inspection form and report with pictures and a detailed scope of work.

3

### ▶ SUPERIOR QUALITY

All work is completed by trained EnCORE professionals with specialized equipment and stringent OEM quality standards.

6

### ▶ FULL WARRANTY COVERAGE

EnCORE Certified rebuilt cranes feature a full one-year warranty, covering parts and labor.

5

### ▶ PERFORMANCE TESTED

Your rebuilt machine is fully tested functionally and load-tested, if applicable. All testing is properly documented.

4

### ▶ NEW SERIAL NUMBER ON FULL CRANE REBUILDS

A new serial number with an "R" designation provides your rebuilt machine with a brand-new identity.
